

## **PANDEMIC PREPAREDNESS FOR HOMES, FACILITIES AND ORGANIZATIONS**

*DON MACKAY*

**Shoppers Home Health Care**

Are you ready should a pandemic occur? There is history to support the coming of a new pandemic based on the continuous development of new flu strains. Should a mass outbreak occur it would affect us on many levels:

- Personal
- Organizational
- Societal
- LTC & Group Homes
- CCAC's/Home Care Organizations
- Home Health Care

We as health care professionals need to be ready.

This presentation will define the term "Pandemic", remind us of the reality and outline strategies to develop "Pandemic Preparedness".
